

# INTRODUCING

## VIRTUAL DOORMAN™

### GENERATION THREE

*The Latest Generation of Technology for Easy Living<sup>ä</sup>*

Virtual Service, the company that pioneered the electronic doorman industry, is pleased to introduce the latest version of Virtual Doorman™ — the leading high-tech residential monitoring service that provides the same services as a doorman, but at a fraction of the cost.

## WHAT'S NEW WITH GENERATION 3?

**NEW, MORE USER-FRIENDLY  
WEB PORTAL PLATFORM**

### NEW SOFTWARE

Generation 3 features an enhanced interactive Web Portal that provides a faster, more accurate, more efficient, and better-documented means of communication between the residents, management companies and our Virtual Doormen.

### ENHANCED HARDWARE COMPATIBILITY

The new Virtual Doorman Interface Module allows for superior performance and greater compatibility with existing video intercom modules and door stations while still maintaining superior performance with our custom Virtual Doorman Door Station units.
